Tamara to jazz it up at Green

MOST music students dream of one day performing at QPAC.

For Tamara O'Callaghan and a handful of her classmates, this has become a reality.

The Fig Tree Pocket songstress is among a select group of Brisbane music students playing at QPAC's free Friday afternoon Green Jam sessions.

The Melbourne St Green is transformed into an outdoor lounge area with bar, barbecue and free live jazz at 5pm.

Ms O'Callaghan, 22, is studying a Bachelor of Music, majoring in Jazz Vocal at the Queensland Conservatorium and was asked by her lecturers to take part in Green Jam.

While billed as a solo performer, Ms O'Callaghan stresses she has "two very excellent musicians" accompanying her.

"I feel very confident playing there; I don't feel daunted at all," she said.

She has already begun forging a singing career, playing at venues including the Brisbane Jazz Club, Suncorp Stadium, Queen St Mall and the 2010 Brisbane Festival.

➔ Green Jam's autumn session finishes on April 15.

THIS WEEK'S GENERAL TREND
Mercury has commenced its retrograde motion. With so many planets crossing the sign of the ram, we will feel the strong urge to take action. As Mercury is going backwards, however, this is not a time to advance but a time to plan. Like in a game of chess, we will benefit from strategic planning.

THE MOONLIGHT
April 11, first quarter moon in Cancer. This is a great moon for all home-related projects. Expending our time with our family will be this week's calling. Remembering our elders and perhaps, visiting an older relative will be a source of much joy.

AQUARIUS Jan 20-Feb 18

The superb planetary influences continue to benefit most areas of your life. This is still a fantastic time to find realisation through those personal projects that will increase your "inner" fulfilment.

PISCES Feb 19-Mar 20

The planet of love will be in your sign for another two weeks. Meeting the right person and/or strengthening the passion and romance within the existing relationships, are all part of this period.

ARIES Mar 21-Apr 20

Happy birthday! Splitting your attention into too many projects could leave you with little time to seriously advance in any of them. There are times when all you can do is embrace the risk of making a choice.

TAURUS Apr 21-May 20

You are still in dream mode and your creativity is flowing freely and abundantly. If you are in business, you will find that this month's lateral thinking will present you with fantastic new ideas.

GEMINI May 21-Jun 20

In matters of money, you better not make decisions. Just because mistakes are possible could end up taking you down the wrong path. Be the observer, not the participant.

CANCER Jun 21-Jul 20

You may be sharing your feelings but be disappointed however, you are not in the state of mind. Give with low expectations and keep time to receive will be worth it.

LEO Jul 23-Aug 22

You will receive inspiration when you are feeling inspired. A few changes in your relationships will turn more positive than you have faith in your own.

VIRGO Aug 23-Sep 22

A change in your relationships will require reassessment for the better. Beware of idealistic relationships, you may be disappointed when you can see the reality.
